

EvapKleen (N4890)

NSF Registered Non-Rinse Foaming Alkaline Aerosol Coil Cleaner

DESCRIPTION: NC EvapKleen is a heavy foaming, alkaline cleaner suitable for use on cooling and heating coils to remove grease, oil, grime and other contaminants. The product can be used as a non-rinse cleaner on coils where condensation is produced. Simply spray on and condensation will wash away the emulsified material. Ideal for difficult to reach areas such as window units, refrigerator coils, and evaporators and condensers that are difficult to access.

FEATURES & BENEFITS

- Non-Rinse Foaming Alkaline Evaporator Coil Cleaner
 - Lemon Scented
 - Sprays from All Angles (360°)
 - Cleans and Degreases
- NSF Registered for use in Food Processing Areas

DIRECTIONS: 1. Turn off or disconnect power to unit being serviced. 2. SHAKE WELL BEFORE USE. Point spray at surface to be cleaned. The 360° valve allows the product to be sprayed from any angle. 3. Apply liberally on dirty surfaces. Spray the foam evenly across the whole surface. The foam will break and condensation will rinse the emulsified material containing dirt and debris. If used on condenser coils, rinse coils with water spray.

PHYSICAL PROPERTIES

APPEARANCE	Foam
COLOR	White
ODOR	Lemon Scent
pH	10.5-12.00
SPECIFIC GRAVITY	0.90-1.00
PACKAGING	6 x 20 oz. cans (net fill 19 oz.) per case
