

# Nickel-Safe Ice Machine Cleaner (NS1G)

## Acid Based Scale Remover

**DESCRIPTION:** NC Nickel Safe Ice Machine Cleaner is an NSF registered nickel and metal safe ice machine cleaner formulated from a combination of food grade acids and manufactured to be safe for use on nickel and copper plated evaporators NC Nickel Safe Ice Machine Cleaner is designed to quickly remove scale and other mineral deposits that can then be easily flushed out of the system without clogging lines.

### FEATURES & BENEFITS

- Formulated with Food Grade Phosphoric Acid
- Safe for Use on Nickel & Tin Plated Evaporators
- NSF Registered for Use in Food Processing Areas

**DIRECTIONS USE:** Turn refrigerator off, but leave pump on. Drain and flush evaporator. Refill with water prior to adding 1.5 fl. oz. of NC Nickel Safe Ice Machine Cleaner to the sump. A 1.5 fl. oz. bottle will clean a system with up to 1.5 gallons of water. Allow cleaner to circulate in system for approximately 30-60 minutes before flushing thoroughly with water. If heavy scale is present, a second application may be necessary. After scale has been removed, drain and flush system twice. Refill system and put back into operation. Discard first batch of ice.

### PHYSICAL PROPERTIES

<b>APPEARANCE</b>	Clear Liquid
<b>COLOR</b>	Green
<b>ODOR</b>	None
<b>pH</b>	1-2
<b>SPECIFIC GRAVITY</b>	1.20-1.25
<b>PACKAGING</b>	12x16 fl oz bottles/case 4x1 gallon bottles/case
