

KleenFoam1

Non-Acid, High Foaming Condenser Coil Cleaner & Brightener

NC KleenFoam is a powerful, high foaming, alkaline coil cleaner, and degreaser. It is formulated to provide cleaning and brightening performance comparable to acid-based coil cleaners...without the dangers of hydrofluoric acid.

FEATURES & BENEFITS

- Non-Acid Condenser Coil Cleaner
- Heavy Duty High Foaming Cleaner & Brightener - penetrates deep into multi-row coils to foam out dirt, grease and grime
- Excellent Degreaser
- Safer Alternative to Acid Cleaners
- Ideal for air cooled condensers, heating and cooling coils, & permanent filters
- Not recommended for indoor use
