

# KleenFoam Aero (N4895)

## High Foaming Non-Acid Aerosol Condenser Coil Cleaner & Brightener

**DESCRIPTION:** NC KleenFoam Aero is a high foaming, non-acid, alkaline-based cleaner and brightener for use on exterior air cooled aluminum finned heating and cooling coils. The product is formulated with the most effective cleaning detergents and surfactants available today and is designed to quickly and easily degrease, clean and brighten clean coil surfaces.

The cleaner's strong foaming action pushes dirt, grease and oil to the coil surface where it can easily be removed with a water flush. Can be used to effectively remove heavy grease build up in kitchen applications ... provided water rinsing is possible. See can label for use directions and precautions. Use with adequate ventilation.

### FEATURES & BENEFITS

- Powerful High Foaming Non-Acid Cleaner
- Cleans and Brightens Aluminum fins
- Excellent HD Degreaser for Kitchen Coils

**DIRECTIONS:** Wear goggles, gloves, and other protective clothing. Shut system off and protect sensitive controls, or contacts with plastic. Spray **NC KleenFoam Aero** on coil or other greasy surface and allow to emulsify deposits for about 5 minutes. For heavily soiled or very greasy deposits, wait up to 10 minutes. Rinse thoroughly to ensure adequate flushing.
